

SAFETY DATA SHEET

Brilliant Träspackel

SDS conform REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Annex II - EU

SECTION 1: Identification of the substance/mixture and of the company/undertaking

Date issued 22.08.2014

1.1. Product identifier

Product name Brilliant Träspackel
Article no. 026-, 096-

1.2. Relevant identified uses of the substance or mixture and uses advised against

Function fillers
Relevant identified uses SU18 Manufacture of furniture
SU22 Professional uses: publicly accessible (administration, education, entertainment, services, craftsmen)
PC9 Coatings and Paints, Fillers, Putties, Thinners

1.3. Details of the supplier of the safety data sheet

Company name ERNST P. AB
Postal address Box 160 06
Postcode 412 21
City Göteborg
Country Sverige
Tel 031-7030770
Fax 031-7030779
E-mail info@ernstp.se
Website <http://www.ernstp.se>
Enterprise no. 5566534862

1.4. Emergency telephone number

SECTION 2: Hazards identification

2.1. Classification of substance or mixture

Classification notes The product is not classified as harmful according to EU directive 1999/45/EC.
CLP Classification, Comments The product is not classified as harmful according to regulation 1272/2008 (EC)

2.2. Label elements

2.3. Other hazards

Description of hazard The product has not been classified according to the legislation in force.
Symptoms and effects of potential misuse Not known.
Other hazards Not known.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Description of the mixture Putty based on naturally occurring minerals.

SECTION 4: First aid measures

4.1. Description of first aid measures

General	Provide rest, warmth and fresh air. Get medical attention if any discomfort continues.
Inhalation	Not relevant.
Skin contact	Wash skin thoroughly with soap and water.
Eye contact	Immediately rinse with water. Remove contact lenses and continue to rinse. Get medical attention if any discomfort continues.
Ingestion	Immediately rinse mouth and drink plenty of water (200-300 ml). Contact physician if larger quantity has been consumed.

4.2. Most important symptoms and effects, both acute and delayed

Information for health personnel None.

4.3. Indication of any immediate medical attention and special treatment needed

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media This product is not flammable. Use fire-extinguishing media appropriate for surrounding materials.

5.2. Special hazards arising from the substance or mixture

Fire and explosion hazards None.

5.3. Advice for firefighters

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures Collect spillage. Avoid release to the environment.
 Personal protection measures For personal protection, see section 8. Wear protective gloves and, in case of splashes, goggles/face shield too. Avoid contact with eyes.

6.1.1. For non-emergency personnel

Protective equipment -

6.2. Environmental precautions

Environmental precautionary measures Collect and use spillage if possible.

6.3. Methods and material for containment and cleaning up

Cleaning method Collect larger spills and deliver for recycling. Flush with plenty of water and detergent to clean spillage area.

Containment Not relevant.

6.4. Reference to other sections

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Handling Wash hands and contaminated areas with water and soap after finished work. Avoid inhalation of dust. Avoid contact with eyes.

7.2. Conditions for safe storage, including any incompatibilities

Special risks and properties Store in a dry place. Store in a closed container. Store at room temperature. Keep away from frost.

7.3. Specific end use(s)

Recommendations Use only as directed. Do not mix with other products.

Specific use(s) The identified uses for this product are detailed in Section 1.2.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters**8.2. Exposure controls****Precautionary measures to prevent exposure**

Organisational measures to prevent exposure Eating, drinking and smoking is forbidden during work with the product.

Respiratory protection

Tasks needing respiratory protection When grinding the hardened product use respirator protection.

Recommended type of equipment Dust and mist respirator.

Reference to relevant standard P2

Hand protection

Hand protection Gloves are recommended for prolonged use. Use protective gloves made of: Rubber or plastic.

Eye / face protection

Eye protection Wear approved chemical safety goggles where eye exposure is reasonably probable.

Skin protection

Skin protection (except hands) No special precautions.

Appropriate environmental exposure control

Environmental exposure controls Not relevant.

Exposure controls

Safety measures for consumer use of the chemical None.

SECTION 9: Physical and chemical properties**9.1. Information on basic physical and chemical properties**

Physical state Coloured paste.

Colour Misc. colours.

Odour Perfume. Slight odour.

Freezing point Value: ~ 0 °C

Solubility in water Not soluble.

9.2. Other information**SECTION 10: Stability and reactivity****10.1. Reactivity****10.2. Chemical stability**

Stability Stable under normal temperature conditions and recommended use.

10.3. Possibility of hazardous reactions**10.4. Conditions to avoid**

Conditions to avoid Extremes of temperatures.

10.5. Incompatible materials

Materials to avoid Acids. Strong oxidising substances.

10.6. Hazardous decomposition products

Hazardous decomposition products At extreme temperatures: Oxides of: Carbon. Calcium.

SECTION 11: Toxicological information**11.1. Information on toxicological effects****Other information regarding health hazards**

General No toxicological research on the product.

Acute toxicity, Mixture estimate

Assessment of acute toxicity classification The product is not classified as hazardous according to its ingredients.

Potential acute effects

Inhalation Inhalation of dusts during cutting, grinding or sanding of this product may cause irritation of the respiratory tract. No known chronic or acute health risks.

Skin contact No known chronic or acute health risks.

Eye contact Particles in the eyes may cause irritation and smarting.

Ingestion No known chronic or acute health risks. May cause discomfort if swallowed.

SECTION 12: Ecological information**12.1. Toxicity**

Ecotoxicity The product is not expected to be hazardous to the environment.

12.2. Persistence and degradability**12.3. Bioaccumulative potential****12.4. Mobility in soil**

Mobility Not regarded as dangerous for the environment. The product is insoluble in water.

12.5. Results of PBT and vPvB assessment**12.6. Other adverse effects****SECTION 13: Disposal considerations****13.1. Waste treatment methods**

Specify the appropriate methods of disposal Use if still possible. Dispose of waste and residues in accordance with local authority requirements.

SECTION 14: Transport information**14.1. UN number****14.2. UN proper shipping name****14.3. Transport hazard class(es)****14.4. Packing group****14.5. Environmental hazards**

IMDG Marine pollutant No

14.6. Special precautions for user**14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Additional information.**

Additional information. Not dangerous goods according to ADR, IMDG and IATA.

SECTION 15: Regulatory information**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

Legislation and regulations Regulation (EC) No 1272/2008 (CLP/GHS). Regulation (EC) No 1907/2006 (REACH).

15.2. Chemical safety assessment**SECTION 16: Other information**

Supplier's notes	The information on this data sheet represents our current data and is reliable provided that the product is used under the prescribed conditions and in accordance with the application specified on the packaging and/or in the technical guidance literature. Any other use of the product which involves using the product in combination with any other product or any other process is the responsibility of the user.
