

SAFETY DATA SHEET

Rubinol Spackel

SDS conform REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Annex II - EU

SECTION 1: Identification of the substance/mixture and of the company/undertaking

Date issued 18.06.2013

1.1. Product identifier

Product name Rubinol Spackel
Synonyms Rubinol Putty, Wood filler, Mastic
Article no. 122

1.2. Relevant identified uses of the substance or mixture and uses advised against

Function fillers
Relevant identified uses SU18 Manufacture of furniture
SU21 Consumer uses: Private households (= general public = consumers)
SU22 Professional uses: publicly accessible (administration, education, entertainment, services, craftsmen)
PC9 Coatings and Paints, Fillers, Putties, Thinners

The chemical can be used by the general public

Yes

1.3. Details of the supplier of the safety data sheet

Company name ERNST P. AB
Postal address Box 160 06
Postcode 412 21
City Göteborg
Country Sverige
Tel 031-7030770
Fax 031-7030779
E-mail info@ernstp.se
Website <http://www.ernstp.se>
Enterprise no. 5566534862

1.4. Emergency telephone number

SECTION 2: Hazards identification

2.1. Classification of substance or mixture

Additional information on classification This product is not classified as dangerous according to EU legislation.

2.2. Label elements

2.3. Other hazards

Description of hazard The product has not been classified according to the legislation in force.
Symptoms and effects of potential misuse Not known.
Other hazards Not known.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Description of the mixture No substances that needs to be reported in this section.

SECTION 4: First aid measures

4.1. Description of first aid measures

General	Get medical attention if any discomfort continues.
Inhalation	Fresh air.
Skin contact	Wash the skin immediately with soap and water.
Eye contact	Immediately rinse with water. Get medical attention if any discomfort continues.
Ingestion	Immediately rinse mouth and drink plenty of water (200-300 ml). Contact physician if larger quantity has been consumed.

4.2. Most important symptoms and effects, both acute and delayed

Information for health personnel	None.
General symptoms and effects	No special.

4.3. Indication of any immediate medical attention and special treatment needed

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media	Extinguish with alcohol-resistant foam, carbon dioxide, dry powder or water fog.
------------------------------	--

5.2. Special hazards arising from the substance or mixture

Fire and explosion hazards	Not known.
Hazardous combustion products	Not known.

5.3. Advice for firefighters

Personal protective equipment	Use protective equipment with separate air supply.
-------------------------------	--

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures	Not determined.
Personal protection measures	For personal protection, see section 8. Wear protective gloves and, in case of splashes, goggles/face shield too. Avoid contact with eyes.
Hazardous combustion products	Not known.

6.1.1. For non-emergency personnel

Protective equipment	-
----------------------	---

6.2. Environmental precautions

Environmental precautionary measures	Collect spillage and if possible use it.
--------------------------------------	--

6.3. Methods and material for containment and cleaning up

Cleaning method	Spillage should be collected for recycling. Sweep up and clean area with normal cleaning agent and water.
Containment	Not relevant.

6.4. Reference to other sections

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Handling	Wash hands and contaminated areas with water and soap after finished work. Avoid inhalation of dust. Avoid contact with eyes.
----------	--

7.2. Conditions for safe storage, including any incompatibilities

Special risks and properties	Not known.
------------------------------	------------

Conditions for safe storage

Comments, Storage temperature Cool storage temperature. Above freezing temperature.

7.3. Specific end use(s)

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

8.2. Exposure controls

Precautionary measures to prevent exposure

Organisational measures to prevent exposure Eating, drinking and smoking is forbidden during work with the product.

Respiratory protection

Tasks needing respiratory protection When grinding the hardened product use respirator protection.

Recommended type of equipment Dust and mist respirator. Dust mask/respirator.

Reference to relevant standard P2

Hand protection

Hand protection Gloves are recommended for prolonged use. Use protective gloves made of: Rubber or plastic.

Eye / face protection

Eye protection Wear approved chemical safety goggles where eye exposure is reasonably probable.

Skin protection

Skin protection (except hands) No special precautions.

Appropriate environmental exposure control

Environmental exposure controls Not applicable.

Exposure controls

Safety measures for consumer use of the chemical None.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state Coloured paste.

Colour Misc. colours.

Odour Oil smell.

Freezing point Value: ~ 0 °C

9.2. Other information

SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity There are no known conditions that are likely to result in a hazardous situation.

10.2. Chemical stability

Stability Not known. Stable under normal temperature conditions and recommended use.

10.3. Possibility of hazardous reactions

10.4. Conditions to avoid

Conditions to avoid Not known.

10.5. Incompatible materials

10.6. Hazardous decomposition products

Hazardous decomposition products Not known.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Other information regarding health hazards

General No toxicological research on the product.

Acute toxicity, Mixture estimate

Oral May cause nausea, vomiting and diarrhea.

Assessment of acute toxicity classification The product is not classified as hazardous according to its ingredients.

Potential acute effects

Inhalation Inhalation of dusts during cutting, grinding or sanding of this product may cause irritation of the respiratory tract. No known chronic or acute health risks.

Skin contact No known chronic or acute health risks.

Eye contact Particles in the eyes may cause irritation and smarting.

Ingestion No known chronic or acute health risks. May cause discomfort if swallowed.

SECTION 12: Ecological information

12.1. Toxicity

Ecotoxicity The product is not expected to be hazardous to the environment.

12.2. Persistence and degradability

12.3. Bioaccumulative potential

12.4. Mobility in soil

Mobility Not regarded as dangerous for the environment. The product is insoluble in water.

12.5. Results of PBT and vPvB assessment

12.6. Other adverse effects

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Specify the appropriate methods of disposal Recover and reclaim or recycle, if practical. Dispose of waste and residues in accordance with local authority requirements.

SECTION 14: Transport information

14.1. UN number

14.2. UN proper shipping name

14.3. Transport hazard class(es)

14.4. Packing group

14.5. Environmental hazards

14.6. Special precautions for user

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Additional information.

Additional information. Not dangerous goods according to ADR, IMDG and IATA.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Legislation and regulations Regulation (EC) No 1907/2006 (REACH). Regulation (EC) No 1272/2008

(CLP/GHS).

15.2. Chemical safety assessment

SECTION 16: Other information
